

# Crime Density, 1992

This map shows the number of criminal cases per thousand people according to changwat. Unfortunately, though the crime data is from 1992, the population data is from 2000, which is important to keep in mind when assessing this map's accuracy. Further, there are three changwat for which there is no data, and each appears on the map as having no criminal cases.

South East Asia

This map has been produced by Calvin College, Department of Geology, Geography, and Environmental Studies.
